# Pricing 2016/17

I am absolutely delighted to have this opportunity, for the first time, to write to you as a loyal season ticket holder.

My first full season at East End Park certainly proved to be a "magic" one, and we met our pre-season target of winning the League Championship. Yes, a club of our size were the favourites to win the league, but I have to applaud the response of my players to everything I asked of them this season. The quality of our football, be it attacking play, scoring goals or defending was outstanding over the course of the season, and I know our supporters were rewarded with some fine displays. However, our success was achieved by us all sticking together, and there is no doubt that the supporters were the 12th man last season. I did not realise how passionate and loyal the Pars fans were before I came to our club, but I do now! I cannot thank you and your fellow fans enough for the support you have given me in my first season here.

I have also worked with a great backroom staff, who should also receive deserved recognition for what we achieved last season.

It is so important to our club to maintain your loyalty as a season ticket holder, as it allows us to plan with greater certainty next season particularly with regard to our playing squad. We are trying to build as good a squad as possible following our promotion, and your ongoing commitment by renewing your season ticket early for next season allows us the best possible chance to do so. I hope that we can again welcome you to East End Park in season 2016/17 as a season ticket holder and together we can keep the positivity and momentum we have built up at our club.

Thanks for your fantastic support of our Club and the backing you have given me and my players all season who represent DAFC every week. We all look forward to your continuing support on the field, home and away next season as we face the challenge that awaits us in the Championship.

Come on Ye Pars!!
